

**It only looks like magic.**

Because at LynuxWorks, we're an open book with no proprietary barriers. We offer a complete, stable embedded environment to drive your designs and exercise your imagination. Linux, LynxOS, BlueCat—it all adds up to quick time to market and profitable, reliable products for defense, aerospace, communications, medical and automotive applications.

When it comes to a company with a roadmap that's golden, you have all you need on your desktop— amazing development tools, a POSIX-conformant RTOS, synergistic alliances and support.

The background of the advertisement is a vibrant yellow. In the center, there is a blue-tinted profile of a man's head facing left. Inside the man's head, several fighter jets are flying in a formation against a blue sky with light clouds. The jets are dark blue and white, with some markings visible. Overlaid on the man's head is the text 'WIZARD OF FOS' in a large, bold, white sans-serif font. The word 'WIZARD' is white, 'OF' is yellow, and 'FOS' is white. A thin white horizontal line runs across the middle of the image, passing through the text.

# WIZARD OF FOS

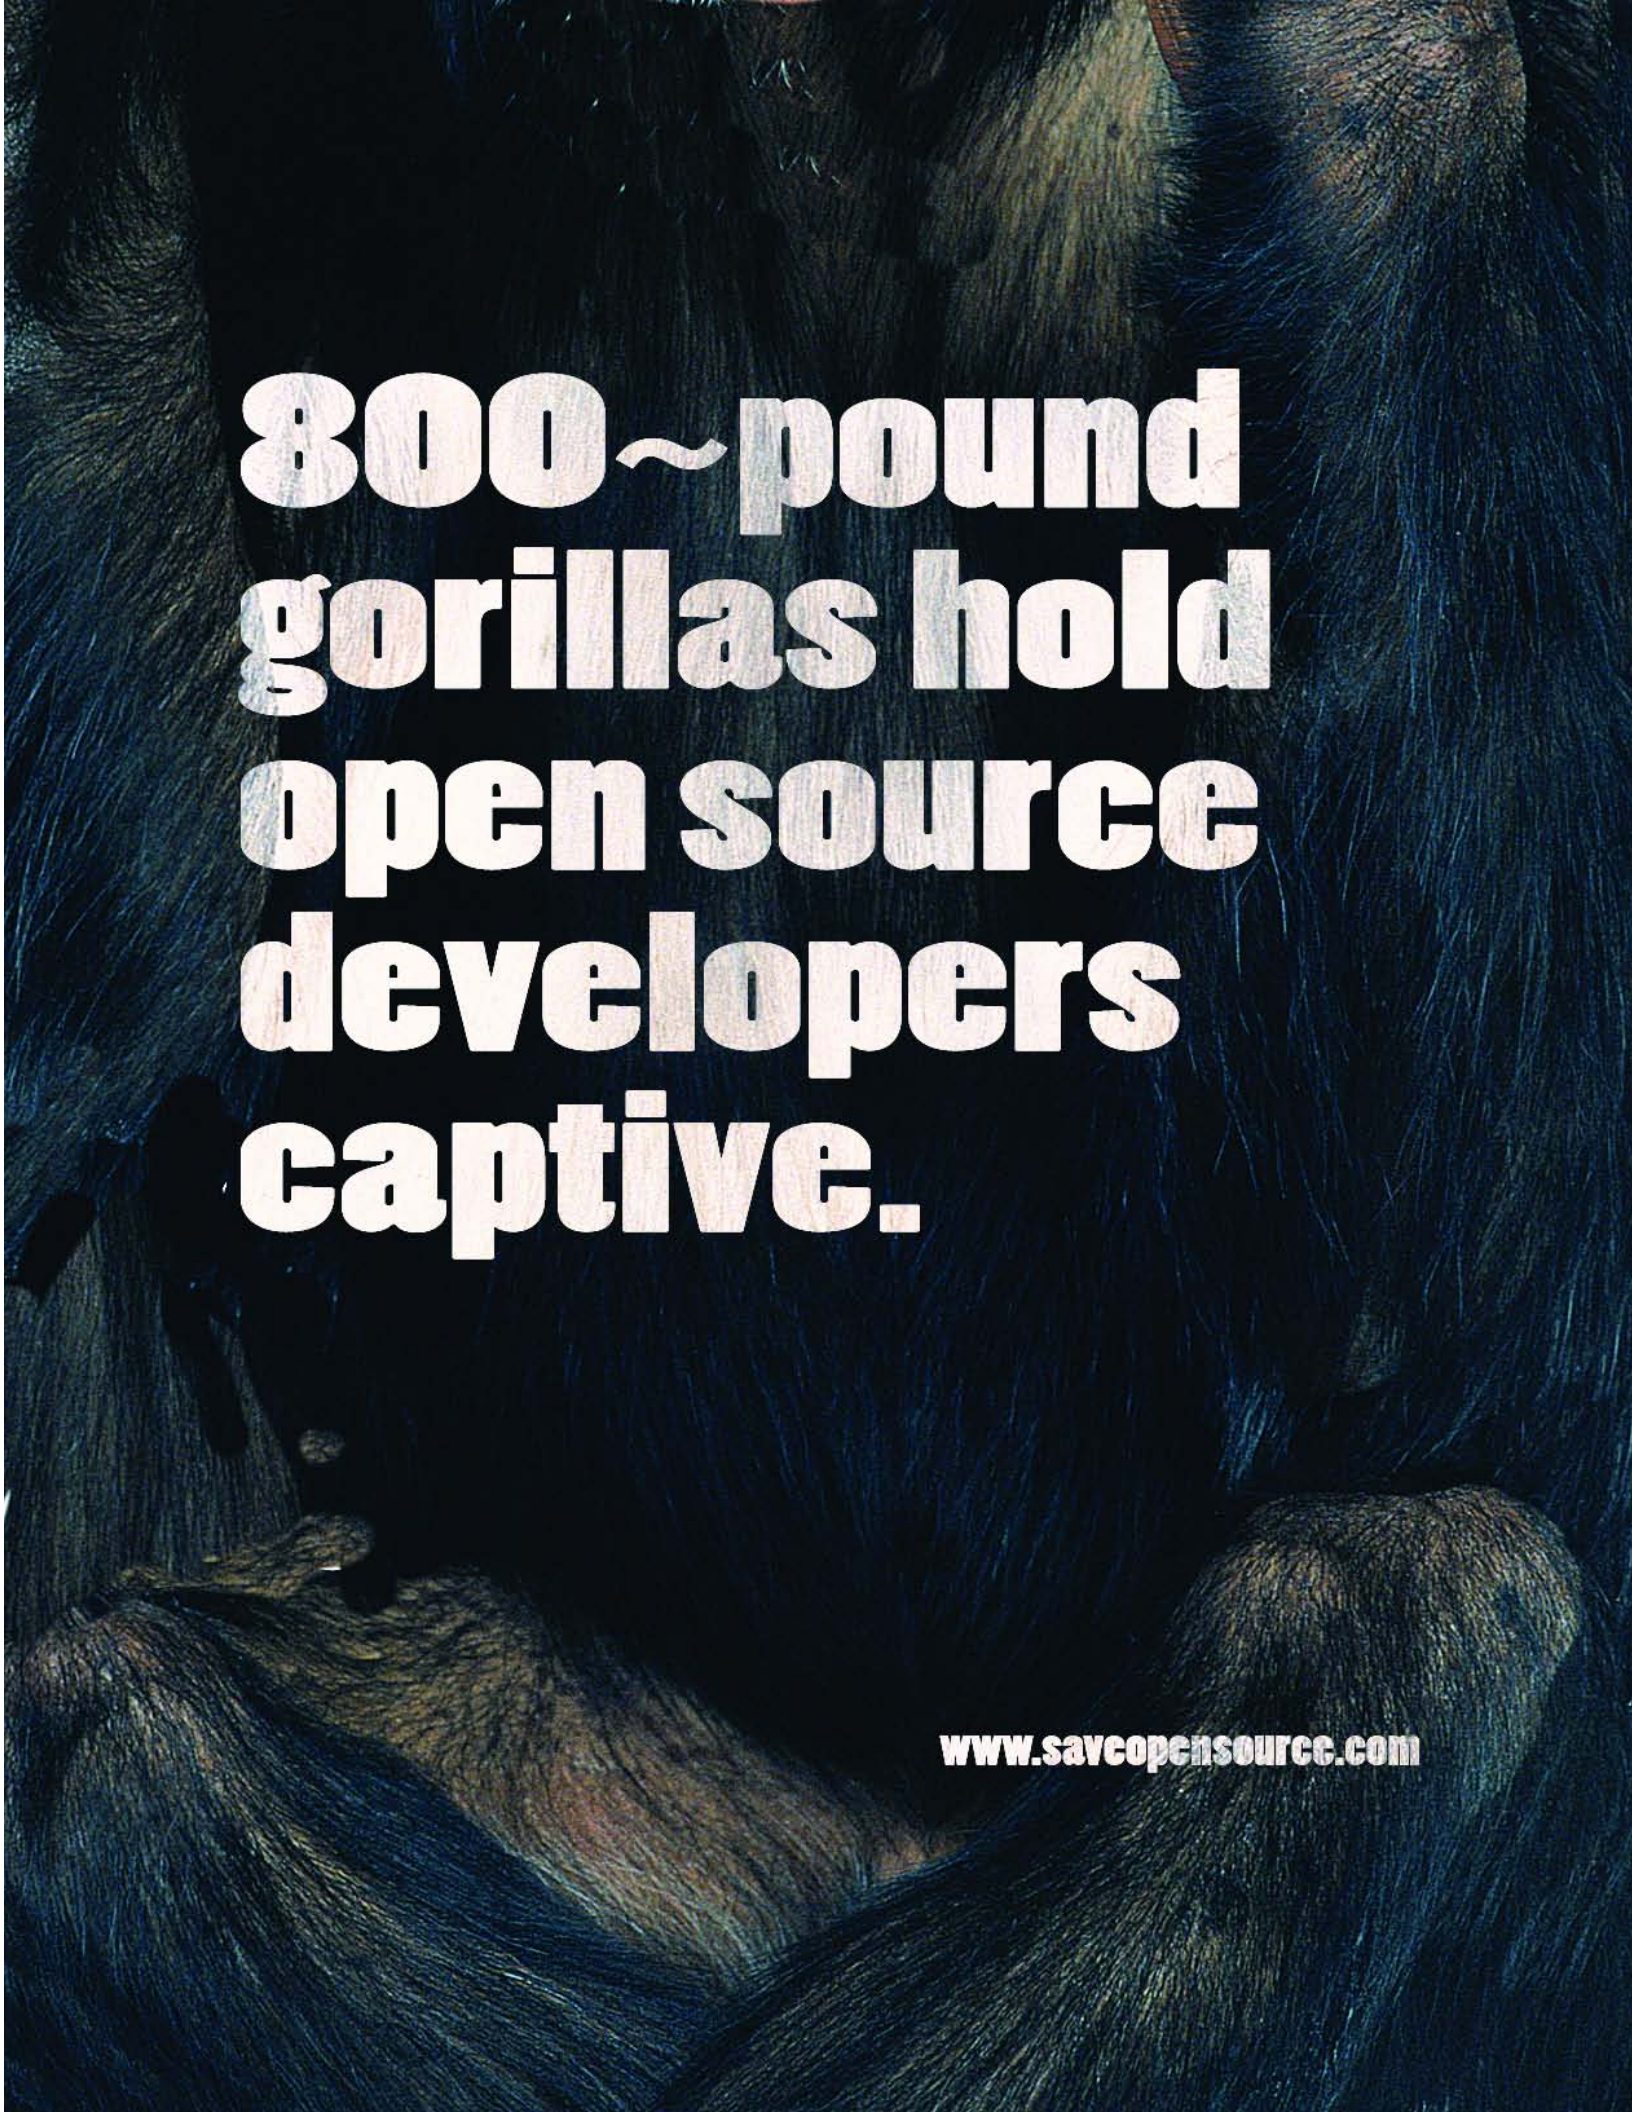

EVERYTHING'S POSSIBLE.

Innovative aerospace systems with five-nines availability, and the compatible open standards to meet military needs for real-time information and mission-critical reliability. Si eliora dies, ut vina, poemata reddit, scire velim, chartis pretium quotus arretet annus. scriptor abhinc annos centum qui decedit, inter perfectos veteresque referri debet an inter vilis atque novos? Excludat iurgia finis, Est vetus atque probus, centum qui perficit annos. Quid, qui deperit minor uno mense vel anno, inter quos referendus erit. [www.lynuxworks.com](http://www.lynuxworks.com)

A close-up, high-contrast photograph of a gorilla's dark, shaggy fur. The texture is highly detailed, showing individual strands of hair and deep shadows. The lighting is dramatic, highlighting the texture of the fur.

**800~pound
