

We're rockin' to your beat.

EXTREME voice compression
Next-generation REVENUES
Multiservice IN — Multitransport OUT

The first address in networking — www.net.com

N.E.T. has all you need to bring revenue screaming in: Lightning-fast deployment. High bandwidth efficiency. Compact footprint. Plus intelligent networking to keep applications in tune. From installation through migration, we make your network a hit — amping up billable minutes while holding down cost of ownership to a whisper. See how we're rockin' IP, ATM, frame, ISDN, and lots more at www.net.com
